APPEAL RELATED TO ZONING/USE REGISTRATION PERMIT APPLICATION # ZP-2021-009505

IF A VARIANCE IS REQUESTED, PLEASE PROVIDE AN EXPLANATION OF EACH OF THE FOLLOWING CRITERIA AS REQUIRED FOR THE GRANTING OF A VARIANCE:

Does compliance with the requirements of the zoning code cause an unnecessary hardship due to the size, shape, contours or physical dimensions of your property? Did any action on your part cause or create the special conditions or circumstances? Explain.

The Application is for the erection of a four story attached structure (not to exceed 38') that includes a full basement, interior parking garage, and a roof deck with roof access structure. Size and location per plan. For use as single family household living.

Will the variance you seek represent the least modification possible of the code provision to provide relief from the requirements of the zoning code? Explain.

Yes.

Will the variance you seek increase congestion in public streets or in any way endanger the public? Explain.

No. The variance sought will not increase congestion in public streets or in any way endanger the public.

Will the variance you seek substantially or permanently harm your neighbors' use of their properties or impair an adequate supply of light and air to those properties? Explain.

No, as the proposed project does not impair the appropriate use or development of adjacent properties.

Will the variance you see substantially increase traffic congestion in public streets or place undue burden on water, sewer, school park or other public facilities? Explain.

No. The variance sought will not increase traffic congestion in public streets nor place an undue burden on water, sewer, school park or other public facilities.

Will the variance you seek create environmental damage, pollution, erosion, or siltation or increase the danger of flooding? Explain.

No.

REASONS FOR APPEAL:

Seeking variance for four (4) Zoning Refusals as follows:

1) Attached structures are prohibited in the RSA-3 zoning district; 2) A minimum front yard depth of 8 feet is required in the RSA-3 zoning district - Whereas no front yard is proposed; 3) The maximum occupied area for a lot in the RSA-3 zoning district is 50% - Whereas the proposed occupied area is 74.8%; and 4) A minimum rear yard depth of 15 feet is required in the RSA-3 zoning district. Whereas the proposed rear yard depth is 9'6".

The variances sought is not detrimental to the public welfare, the adjacent properties or the surrounding neighborhood; and will enable the reasonable use of the property which is consistent with the general neighborhood and will not substantially nor permanently impair the neighborhood or impair the appropriate use and development of the adjacent properties.

I hereby certify that the statements contained herein are true and correct to the best of my knowledge and belief. I understand that if I knowingly make any false statements herein I am subject to possible revocation of any licenses issued as result of my false application, and such other penalties as may be prescribed by law.
